ELECTION IN RESPONSE TO RESTRICTION REQUIREMENT

Commissioner of Patents and Trademarks
Washington, DC 20231

Dear Sir:

In response to the Restriction Requirement dated April 1, 2005, Applicant elects Claims 1-16 and 33-37. Consistency with the restriction requirement is expected throughout examination. For instance, having made a finding on the official record that the drive assembly for a window covering of Claim 17 is patentably distinct from, e.g., the powered assembly of Claim 4 that includes an object that can be moved between an open configuration and a closed configuration, it would be inconsistent for the examiner subsequently to reject Claim 4 using a reference that Claim 17 would read on.

The Examiner is cordially invited to telephone the undersigned at (619) 338-8075 for any reason which would advance the instant application to allowance.

Respectfully submitted,

John L. Rogitz
